Attached is the CDA-EPA FY18 EOY Report for your review before we send it to HQ. Please take a look and let me know if you see anything that should be changed. David's enforcement narrative review is attached as a separate document, I'm working on attaching it in the narrative tab in the template. If you could get back to me by Thurs. 3/28, I'd appreciate it. We want to send the final to HQ on Fri. 3/29.

Note that I did make some significant comments & recommendations on
